**Objective:**

Dedicated Registered Nurse with a Bachelor of Science in Nursing and with a background in school nursing and clinical coordinator. I am passionate about promoting health and ensuring a safe learning environment. Skilled in training and mentoring nursing staff across diverse clinical settings. Seeking a role to leverage my expertise in both clinical care and education, aiming to inspire and cultivate the next generation in a diverse setting.

**Professional Experience:**

School Nurse| Keys Grace Academies, Royal Oak, Mi.

September 2023- Present

- Administer first aid and medical treatments to students and staff as necessary.
- Conduct routine screenings, including vision, hearing, and scoliosis, to ensure early detection and referral.
- Manage the health office, ensuring the proper maintenance of student health records, medication logs, and immunization reports.
- Develop and implement health plans for students with chronic conditions, ensuring seamless coordination of care during school hours.
- Educate students and staff on various health topics, including nutrition, hygiene, and disease prevention.
- Collaborate with teachers, administrators, and parents to accommodate and support students with special health needs.
- Coordinate with local health departments in cases of infectious disease outbreaks, ensuring appropriate preventive measures.
- Train and oversee staff in emergency protocols, such as CPR, AED use, and first aid procedures.
- Conduct home visits when necessary to assess the living conditions of students with recurrent health issues.
- Advocate for student health needs, working closely with the school board to influence health policies and programs.

Home Care Nurse Supervisor | M & S Homecare, Sterling Heights, MI

May 2021 – Present

- Oversaw the hiring process for new nursing staff, from reviewing applications to conducting interviews.
- Designed and implemented a comprehensive orientation program for new hires to ensure efficient integration into our home care system.
- Trained nurses in home care best practices, including patient care, documentation, and communication with patients' primary care teams.
- Conducted regular check-ins with new staff to address questions, provide mentorship, and ensure their success in the field.
- Collaborated with interdisciplinary teams to ensure high-quality home care for all patients.

Registered Nurse| Beaumont Health, Royal Oak, MI

February 2021- February 2022

- Assisted in a variety of surgical specialties including Hyperthermic intraperitoneal chemotherapy (HIPEC), OB/GYN, General Surgery, Vascular, ENT, Urology, and Pediatric procedures.
- Collaborated with surgical teams to ensure optimal patient care during preoperative, intraoperative, and postoperative phases.
- Participated in team debriefings, identifying areas for improvement and implementing changes to ensure patient safety and satisfaction.
- Assisted in training new OR staff, emphasizing strict adherence to safety and sterile protocols.
